

## An exceptional event

Organised every two years, this year the European Eventing Championships will take place on the mythical Grand Parquet ground in Fontainebleau. This is an honour for France, which has only hosted this event twice in the past, in 1969 at the Pin National Stud and in 2001 in Pau.

The elite of European Eventing will be present to attempt to win the greatly coveted title of European Champion. It will be an opportunity for France to win the gold individual medal again, after Nicolas Touzaint's victory with Galan de Sauvagère, at the 2007 edition in Pratoni Del Vivaro.

This competition will be the leading event in September 2009.

## Services

Situated near the main arena and the cross-country water crossing, the VIP restaurant is characterized by a refined and contemporary style.

When you arrive, you will be welcomed in the VIP marquee by a hostess who will take you to your table.

In order to make your day as pleasant as possible, we provide you with a table for 8 people at lunchtime so that you can welcome your guests and colleagues during the event.

Throughout the tests, you will be able to relax over a glass of champagne and enjoy the performances which will take place right in front of you.

By choosing this solution, you will be in the heart of the event!

## Tariffs

**1 table for 8 persons : €1,000**
